Project : Medical Equipment for new Maternity Teaching Hospital, Galle / Sri Lanka

As you are aware our Maternity Teaching Hospital, Mahamodara, Galle was heavily destroyed by the Tsunami disaster at December 26th, 2004. Most of the equipment in the hospital was damaged. Rotary International in Germany organized already in the beginning of January 2005 a first shipment of medical equipment. On February 12th a second shipment arrived and we could install the donated medical equipments in the rehabilitated Teaching Hospital, Mahamodara, Galle.

The damaged hospital was built in 1914. The government has accepted an offer of the Helmut Kohl Foundation to build a new hospital.

We appreciate and express our sincere thanks to you for the pledge to equip the new hospital.

As discussed with Dr. Athula Kahandaliyanage, Director General of Health Services & Mr. R.D.Liyanage, Director, Bio Medical Engineering Services on 12.01.2006 at Ministry of Health, Colombo, please make your future communications regarding this project with Deputy Director General of Bio Medical Engineering Services, Dept. of Health Services & Director, Teaching Hospital, Mahamodara. Specifications for the equipments will be provided by the Deputy Director-General of Bio Medical Engineering Services, Dept. of Health Services.

Director,
Teaching Hospital,
Mahamodara,
Galle.

Letter of endorsement of the organization from the Rotarians in the project country

Project: Medical Equipment for new Maternity Teaching Hospital, Galle/Sri Lanka

The old Maternity Hospital Mahamodara, Galle was damaged by the Tsunami on 26. Dec. 2004. We highly appreciate about the immediate help of the German Rotarian, particular the German District 1950 in the first days after the damage.

In order that it is not rational and economic to rebuild the old hospital so near to the coastline, The Ministry of health, Sri Lanka accepted an offer of the Helmut Kohl Foundation (former German Chancellor), to build a new Maternity Hospital in Karapitiya, Galle.

The German Rotarians have offered to supply the equipment for this new hospital. The Rotary Club of Colombo, also handling for the Rotary Club of Colombo Regency and the Rotary Club of Galle confirm the collaboration with the Rotary District 1950, Germany (Franconia/Thuringia) concerning the supply of medical equipment.

We will give a contribution to the project of US \$ 1,500 (RC Colombo US\$ 1.000, RC Colombo Regency US\$ 500) in cash as well US \$ 1,500 from the DDF of our District 3220.

Together with the German Rotarians we founded the Intercountry Committee Germany – Sri Lanka. The members of this committee shall render assistance of any kind, that is necessary for the successful implementation and its operation later on.

Colombo, dated – 12th JANUARY, 2006.
